## Description

Paradise Hill is an exceptional property of approximately 39,151 m<sup>2</sup>, consisting of four adjoining plots located just outside the village of Kalianeika. Its elevated position above the coast offers wide, unobstructed views of the Messinian Bay – an inspiring setting for private or agricultural projects.

The land features fertile soil with around 600 olive trees, which yield approximately 4 tonnes of olive oil in good years. This provides excellent potential for olive cultivation, sus-

tainable farming, or investment ventures. The quiet hillside location offers privacy and close proximity to nature, while nearby villages, beaches, and the lively city of Kalamata are easily accessible.

Whether as a private retreat, an ecological farming enterprise, or a long-term investment, Paradise Hill combines natural beauty with solid development potential in one of the most sought-after regions of the Peloponnese.
