Description

Welcome to the charming and peaceful village of Stavropigio. This generous plot of approximately 1,891 m² offers the perfect setting for an idyllic country lifestyle.

Set within a green and tranquil environment, the property enjoys beautiful views over the surrounding olive groves, with the majestic Taygetos mountain range visible in the distance.

The modest house has solid structural foundations and, thanks to its simplicity, offers excellent potential for individual renovation and personal design. With almost two stremmata (approximately 2,000 m²) of garden land and a well-established olive grove with numerous mature trees, this property could become your own private rural paradise.

Ideal for nature lovers and those seeking peace and quiet, the property offers the best of both worlds: the serenity of the countryside and proximity to the local village community.

Kalamata and its international airport are just a 45-minute drive away, while the sea and the beautiful beaches of Kitries, Santova, Kardamyli and Stoupa can all be reached within 20 minutes.
