Description

The property is idyllically and privately located among centuries-old olive groves and a small chapel, accessible via a quiet gravel road. Positioned on a striking rocky outcrop on the hillside, it offers breathtaking panoramic views of the majestic Taygetos mountain range.

For those dreaming of a unique home nestled in an olive grove – with spectacular mountain views instead of a sea view – this is the perfect spot. The setting is peaceful and secluded, yet only about 10 minutes from the charming village of Kambos, where you'll find shops, traditional tavernas, and cozy cafés.
